

VARIO 50

Mobile HNE Technology

SAVING LIFE
PROTECTING RESCUERS
PRESERVING PROPERTY

APPLICATION FIELDS

For extinguishing middle-sized fires of most different sources and origins. Also suitable for metal fires through special extinguishing additives. The mobile and tilt resistant system was especially developed for craft enterprises, hotels, companies, airports, ships, workshops and ware houses. For mounting on vehicles, trailers or ATV, the system will be delivered on an installation plate. Depending on the customer's demand and application field, various hose lengths and fixtures, and various cover plates are available.

MOBILE AND TROLLEY EXTINGUISHING UNIT
